# NEW CHARTERERS' LIABILITY POLICY WORDING CIRCULAR

This circular provides a summary of all significant changes introduced to the Policy Wording Charterers' Liability 1-2026. In 2026, our Policy Wording underwent some minor updates and improvements. Most notably, our corporate data was updated in view of the recent name change of our Company. In addition, we have introduced a few changes to several Sections in order to make the language more precise and clear. These updates aim to improve clarity, compliance, and consistency across all MSIG Specialty Marine products.

### Definitions

The terminology was streamlined for clearer communication. For example, the reference to 'insurance' was consistently replaced with the specifically defined term 'Policy of Insurance'.

### FD&D (Section 18)

A minor change was implemented to Section 18.1.15 to specify that whether the Defence Cover (Part 2) could apply to issues or matters other than those listed in Section 18.1 is within the sole discretion of the Company.

### Cargo Owner' Legal Liability (Class 3)

In Section 20, the definition of the word 'Cargo' applicable for Class 3 specifically, has been supplemented to clarify that 'Cargo' consists of non-containerised commodity or goods.

### Exclusions and Limitations (Section 28)

The requirement in Section 28.1.5.d has been extended to remind that Assureds should comply with all applicable international cargo-related requirements and not only with the applicable guidelines.

### Joint Assureds and Co-Assureds (Section 36)

Section 36.3.5 was updated to clarify that disputes between any combination of Assured, Joint Assureds, Co-Assureds and Affiliates are not covered.
